

In the Claims:

1-20 (Canceled)

21. (Original) A cover for an electrical assembly, comprising:

- a) a plate portion;
- b) a pair of wing portions each including a first portion extending away from a surface of said plate portion and a second portion extending toward an edge of said plate portion; and,
- c) a pair of rectangular tab portions that extend from said wing portions.

22. (Original) A cover for an electrical assembly, comprising:

- a) a plate portion;
- b) leg portions extending away from a surface of said plate portion;
- c) a shroud portion extending from said leg portions;
- d) a pair of wing portions that extend from said shroud portion; and,
- e) a pair of rectangular tab portions that extend from said wing portions.

Please add the following new claims 23-30:

23. (New) The cover of claim 21 further comprising a sealant disposed in a space between a wing portion and the plate portion.

24. (New) The cover of claim 22 further comprising a sealant disposed in a space between a wing portion and the plate portion.

25. (New) A cover for an electrical assembly, comprising:

- a) a plate portion;
- b) a wing portion spaced apart from the plate portion; and,
- c) a sealant disposed in a space defined between the plate portion and the wing portion.

26. (New) The cover of claim 25 further comprising a tab portion extending from the wing portion.

27. (New) A cover for an electrical assembly, comprising:

- a) a plate portion;
- b) a wing portion including a first portion extending away from a surface of said

plate portion and a second portion extending toward an edge of said plate portion; and,
c) a tab portion extending from said wing portion.

28. (New) The cover of claim 27 further comprising a sealant disposed in a space between the wing portion and the plate portion.

29. (New) A cover for an electrical assembly, comprising:
- a) a plate assembly;
 - b) a shroud portion extending from said plate portion;
 - c) a wing portion extending from said shroud portion; and,
 - d) a tab portion extending from said wing portion.
